

Sodium Hypochlorite Feed System

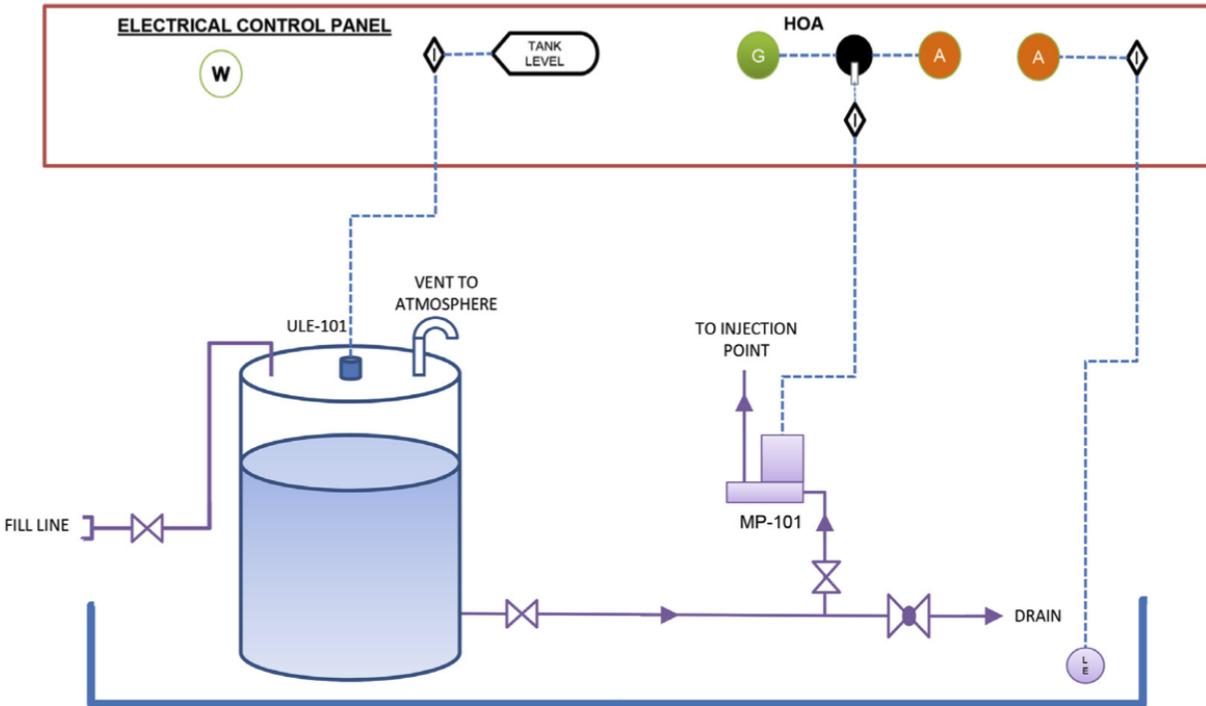

IMS Provides Packaged Sodium Hypochlorite Feed Systems (Pre-Assembled, Piped, Wired, and Factory Tested)

Customer Requirements

- 110V, single phase, 15-amp power to control panel
- 4 to 20 mA signal for Sodium Hypochlorite metering pump
- Sodium Hypochlorite solution to injection point

Process and Instrumentation

System Features	System Benefits
Sodium Hypochlorite Storage Tank	<ul style="list-style-type: none"> • Safe storage of sodium hypochlorite solution • Durable, corrosion resistant (in HDPE or FRP)
Modular, Factory-assembled and Tested System with Compact Design	<ul style="list-style-type: none"> • Pre-piped and wired for easy, low-cost installation • Modular for portability and easy relocation • Compact small footprint
Custom Designed System Available	<ul style="list-style-type: none"> • Meets site specific requirements and provides desired features
Automatic Peristaltic Metering Pump	<ul style="list-style-type: none"> • Metering pump capable of receiving and sending remote signals (4 to 20 mA input, remote start-stop, alarms) • Robust design (with very low maintenance requirement)
Fully Contained System	<ul style="list-style-type: none"> • Eliminates risk of sodium hypochlorite solution entering floor drains • High level switch in containment structure for local and remote alarm
Automatic Level Indication	<ul style="list-style-type: none"> • Equipped with ultrasonic level sensor with local display and remote transmission capability
Integrated Control Panel	<ul style="list-style-type: none"> • Single point of connection by installer
